## FALL FASHIONS

### Talk No. 7

#### NEW SEASON FEATURES.

New style inspiration is employed with splendid effect in the advance millinery models. The more important note for this season is the military trend, more especially the visor effect for the daring brim and the front line.

The high crush crown and the medium soft crown are dominant, both in draped type and in the style suggestive of the tam.

Sizes are varied. Large, medium and small hats will be worn for the early fall season.

The large hats are wide from side to side. The brims of these hats when made of velvet, either erect pile or panne, have, in many instances, two or more parts, giving a smart tailored effect to the workmanship.

The wide brim sailors drooping at such an angle as to show the use of flat ostrich quills laid flat to the brim with the flued extending over the edge.

Among the novelty shapes is the beret, with a high, round tam-like crown and visor brim. A new Paris model of this type has the crown of guinea-hen with side crown of visor of Myrtle green velvet. The trimming consists of an ornament in gold tinsel.

## September Vacations

...While it is home, sweet home; for some vacationers who are back and buying new fall goods, it is go, go, go, for others.

For those either going or coming the store is rich with better goods, better fashions and better service; and ready to fill any demand made upon it.

## New All-Wool Dress Goods.

For children and girls' dresses as well as their mothers, we have a splendid collection of suitings at reasonable prices.

For instance, there is as pretty a lot of serges at \$1.00 a yard as you would wish to see. Metal gray, dark and medium blues, wine, purple, green and dark brown; it is 42 inches wide.

Another is a poplin called "Geisha cloth," 42 inches wide, and sells for \$1.00 a yard; in the wanted shades, including the purples and Bergundy.

## New Fall Hats for Little Boys.

First hats for little boys, ready this day for the mothers who always come in early in the season to get their children's hats for school. Little cunning round hats of check velvet in dark colors. Price, 50c and 65c.

Little boys' black plush hats, new and fine, a splendid assortment. Price, 50c to \$2.00.

Boys' wash suits, made of Devonshire and other ginghams, in plain colors, blue, tans and white, with long sleeves, 89c to \$3.50.

## Women's Motor and Duster Coats Have Been Reduced.

Just in the middle of their season, with a light duster protecting coat, is absolutely necessary to every woman who values the good appearance of her gowns.

Now at \$5.00 are a few Palm Beach and mohair dusters. Beige, tan and gray. They were recently half as much again. For one, two and three dollars are natural-colored linen and linen finished cotton.

## New Blouses for the Tailored Suit.

Some new points about them are attractive and interesting. For example, one clever tailored blouse of soft navy blue taffeta plaid, trimmed with self-piping and has an invertible high or low collar, \$5.00.

Another of Roman-striped taffeta, blue, green or brown Georgette front and back yoke and sleeves. Strictly tailored, and very smart, \$7.50. Still another of Georgette crepe, in flesh and white, with taffeta collar and band down the front, \$7.50.

## New Auto Scarfs Are Especially Attractive.

One of plain chiffon, with a three-row satin border, size 36x90 inches.

The colors are purple, white, green, navy blue and brown. Price, \$2.00.

## A 5-Hour Sale Tomorrow Afternoon

FROM 12:30 TO CLOSING TIME

41 Dresses in a final reduction sale, remarkable at their special price, \$5.00. They are mussed from handling and the hot iron will make them fresh and immediately wearable. They were one-half to two and three times more. Come at your first opportunity.

20 tailored suits of Palm Beach, white Gabardine, and a few colored linens; also reduced to \$5.00. Young women who are yet to take their vacation will be mostly interested in these. They are perfect; ready for immediate put on, if one desires; mostly singles, in some instances twos, consequently sizes are badly broken. (Second floor Salons)

## A Handsome New Broadcloth to Sell For \$2.50 Yard.

A glance at some of the handsome suits and coats that are being shown in the Salons of Dress exemplifies their use and fashion for the coming season.

For the women who prefer designing their own or having garments made at home will be much interested in these handsome satin faced Broadcloths.

Black, navy, Belgium blue, dark green, wisteria and Bergundy. The white is 50 inches wide; price, \$2.50.

## That 1500 Pairs Purchased of Women's Kid Gloves

Surely it is not possible elsewhere to find so many gloves that only France makes in their perfection and at our price. For, despite the difficulty of getting anything over from Europe, we can show our customers as great a variety of as desirable styles and make as were to be found here last year and the price only a little higher than then.

OUR DERBY AT \$2.—2-clasp, P. K. sewn in solid colors or white stitching. All colors.

OUR SPECIAL AT \$2.25—A 2-clasp oversown glove with 3 rows of self or contrasting embroidery on back. All colors.

AND, OUR MONARCH, \$2.50—Also 2-clasp, P. K. sewn, Paris point stitching in self and white colors, black white and navy.

ESKAY'S BRILLIANT WASHABLE DOESKIN GLOVES for women; white, with large button fastening, 3 rows embroidery on back. Special \$2.25.

## Friday is the Day Set For the First Showing of New Autumn Millinery--the Hats are Wonderful and We Want All the Women to See Them.

(Millinery Salons, 2nd Floor)

## SOCIAL AND PERSONAL

(Continued from Page Three.)

### Bradford Reunion.

At the home of Corbin B. Bradford, No. 207 Marshall street, the sixth annual reunion of the Bradford family was held Sunday. The reunion was a joyous success, but owing to the rain of the evening before, not as many attended as usual, there being only about eighty-five present.

The morning was spent in getting acquainted, relations meeting relations that probably had not met since last year, and at the noon hour a most appetizing dinner was served by some of the best cooks in Harrison county, which all present soon proved how much they appreciated the work of the ladies.

About 2 o'clock the following program was rendered:

Song—"My Country 'Tis of Thee"—Opening address—J. W. Robinson. Song—"Onward Christian Soldiers"—Everybody. Recitation—"My 'Fraid Cat Sister"—Carol Barnes. Short talk—Dr. U. W. Showalter. Song—"Come to the Church in the Wilderness"—Everybody. Recitation—Lucille Barnes. Prayer—Mrs. Lloyd Wright. Recitation—"Laugh"—Clarence Barnes.

Short talk—D. H. Bradford. Recitation—"Memories of the Kitchen"—Sylvia Harrison. Song—"Nearer My God to Thee"—Everybody. Roll call—William Barnes, secretary. Recitation—"Why Not Make a Wreath for Father"—Joe Harrison. Short talk—M. M. Bradford. Election of officers.

The opening address of welcome by Mr. Robinson was one long to be remembered. He spoke of the honorable host, Corbin B. Bradford, and of what an esteemed gentleman he is and has been, of his birth place in Virginia and of his descendants; also how the people of West Virginia honor and respect this man of such high standing.

The recitations by the children were much appreciated as well as the short talks by D. H. Bradford, U. W. Showalter and M. M. Bradford. Mr. Showalter's talk was mostly on woman suffrage, and every one's high respect for Mrs. Corbin Bradford, while D. H. and M. M. Bradford's talks were of the absent ones and of the plans for the coming year.

At supper time each one again ate a bounteous meal and after many good-byes every one left for their different homes with hopes of seeing each one again next year.

The following officers were elected: President—C. B. Bradford.

First vice president—D. H. Bradford.

Second vice president—M. M. Bradford.

Secretary—William Barnes.

Treasurer—F. L. Lee.

Historian—George Barnes.

Social committee—Mrs. M. M. Bradford, Mrs. W. E. Nixon, Mrs. George Barnes and Mrs. Edna Morgan.

### Society to Meet.

The Woman's Missionary Society will meet at the United Brethren church in Stealey Heights Tuesday at 7:30 p. m. in the church parlors. All members are requested to be present.

### Farewell Party.

About thirty-five friends of Mr. and Mrs. Oliver C. Evans gathered at the home of Mr. and Mrs. William Roberts on Moore avenue a recent evening and gave a farewell party for them.

Mr. Evans was foreman at the Phillips Sheet and Tin Plate Company's plant and resigned that position to accept one with a tin plate company at Canonsburg, Pa. They will leave for Canonsburg this week.

Mr. and Mrs. Evans number their friends by the scores; to know them is to be a friend, and as a token of their esteem in which they are held by their friends, the crowd Saturday evening presented them with a beautiful traveling bag.

The evening was spent in cards and music and at a seasonable hour dainty refreshments were served by the hostess, assisted by Mrs. Lauren C. Nale and Mrs. McCarl. At a late hour the friends departed, all wishing Mr. and Mrs. Evans good luck in their new home.

## PERSONAL

Mrs. Hary R. Griest, of New York City, who was called to Grafton by the death of her father, J. W. Payne, and who came here following the funeral services this morning, will return tonight to her home.

Miss Thelma and Master "Billy" Sinsel will return this afternoon from Webster county, where they have been spending a several days' vacation.

Mrs. Alice V. Fitzo and granddaughter, Pauline Tate, of Wilsonburg, attended the Bradford reunion here.

Sunday. R. J. Sullivan, proprietor of the Sanitary barber shop, is in Wheeling attending the annual meeting of the Ancient Order of Hibernians. He is the Harrison county president of the organization.

Wirt W. Post, of Jarvisville, was a city visitor Tuesday.

M. R. Post was here Tuesday from Jarvisville.

## OF INTEREST TO WOMEN

### To Remove Ice Cream Stains.

Ice-cream spots on silk should be sponged with clear warm water 'o dissolve the sugar; then use naphtha or ether for the grease. Have a soft pad of absorbent cotton under the spot, and rub with the naphtha in an ever-widening circle, so that no mark will be left. Use just enough of the chemical to dampen the silk, not to make it sopping wet.

## BALTIMORE CATTLE MARKET

BALTIMORE, Md., Aug. 29.—Calves.—With receipts moderate and steady inquiry for the better grades of veal calves of handy weight the market rules firm. We quote: Calves—Veal, c. 10c, 12c, 14c, light, ordi-

Temporarily at least the painless child birth method known as twilight sleep has been abandoned by Johns Hopkins Hospital and others less well known. Several prominent physicians who warmly indorsed the method in the beginning have since publicly stated their doubts as to its safety, and the momentary popularity of the whole twilight sleep movement seems to be checked.

In a recent book by Carl Henry Davis, B. D., entitled "Painless Childbirth" the author appears to discourage the idea that such a thing is safely possible. Scopolamine-morphine, the twilight sleep drug, he declares to be more dangerous than ether or any other drug used in obstetrical practice. Mental disturbances in the mother, he says, may follow the injections.

The warmest advocates of twilight sleep never denied that scopolamine-morphine is a dangerous drug. So are ether and chloroform, and, in fact, all anaesthetics in any except the most skilled hands.

Dr. Davis makes the startling statement that during the last fifty years there has been no decrease in the death rate in maternity cases. Fever in these cases is definitely increasing in the United States. Maternity today, says Dr. Davis, is a greater danger to women than tuberculosis. About 10,000 women in the limited area in which births are registered die in childbirth. And this in the face of the great advances made in surgery and the discovery of antiseptics and anaesthetics.

The antiseptics and anaesthetics, in fact, explain the large mortality of mothers, because their use has made possible the employment of unskilled and careless physicians and attendants.

Is it not altogether possible that the case against twilight sleep lies in the poor technique of the men who employed it? Doctors have never considered that maternity cases required the same skilled care that is used in other surgical cases. When a woman dies that most pathetic of all deaths, the doctor seldom evinces the same regret and mortification he feels when he loses an appendicitis case. He speaks of "the risk women run," "the curse of Eve" and "incurable Providence."

Women of intelligence and spirit will not allow the medical profession to abandon twilight sleep until it is definitely proven to be unduly dangerous in itself. They have a right to bear their children as easily as possible, and they will put it squarely up to the doctors to master that branch of their profession as they have many others.

## How to Lose Your Tan, Freckles or Winkles

A day's motoring, an afternoon on the beach or golf links, a sunbath on the beach or exposure on a sea trip, often brings on a deep tan or vivid crimson or more perplexing still, a vigorous crop of freckles. A very necessary thing then is mercurized wax, which removes tan, redness or freckles quite easily. It literally peels off the affected skin—just a little at a time, so there's no hurt or injury. As the skin comes off in almost invisible flakes particles, no trace of the treatment is shown. Get an ounce of mercurized wax at your druggist's and use this nightly as you would cold cream, washing it off mornings. In a week or so you will have a naturally new skin, beautifully clear, translucent and of a most delicate whiteness. Winkles, so apt to form at this season, may be easily and quickly removed by rubbing the face in a solution of powdered salicylic, 1 oz., dissolved in witch hazel, a pint. This is not only a valuable astringent, but has a beneficial tonic effect also.
